

Smoky Mountain Occupational Therapy

Student Questionnaire

Thank you for your interest in Smoky Mountain Occupational Therapy! SMOT is a specialty clinic with a niche in working with clients using a true strengths-based, neurodivergence-affirming approach to working with children and adults who are autistic, or who have ADHD, OCD, movement difficulties, or generalized anxiety. We love our clients and their families, and we have a deep passion for our therapeutic approach. Throw all behaviorist ideas out of the window here; we work with our clients and follow their lead in therapy, empowering them to advocate for and to be their beautiful selves in this world with confidence. Everyone is valued and supported, and we screen every student and therapist who comes into our doors to make sure that our environment will stay safe and welcoming for all people.

Please remember while answering these questions that vulnerability and honesty are important to us. Once completed, please email this form to Jamie@SmokyMountainOT.com. If you pass this round of the interview process, you will get an email within a week inviting you for a brief phone or video interview.

BASIC INFORMATION

1. What is your name? _____
2. What is your email address? _____

QUESTIONS

Tell us about your personality, interests, and hobbies.

What work and volunteer experience do you have?

How would you handle a situation in which you disagreed with a client politically or religiously?

At SMOT, we are supportive of everyone, including people of different races, ethnicities, religions, genders, sexual orientations, and brain functions. How will you help us offer a culture of overall safety for the diverse population that we serve? Please feel free to note any examples of personal or professional experiences if you feel comfortable doing so.
